

## Analytical balance Talent TE214S

### Standard features.

- Bright all-glass draft shield chamber with smooth-action doors
- Weighing pan and weighing chamber base plate made of stainless steel (base plate can be removed)
- Large, high-contrast LCD
- High level of operating convenience thanks to keys with positive click action and 2 tare keys
- Built-in application programs: counting, weighing in %, net-total formulation; averaging; toggling between 2 units
- Bidirectional RS-232C data interface port
- ISO/GLP-compliant logging capability for calibration, adjustment and weighing data in conjunction with the optional YDP03-OCE data printer
- Four digital filter levels for adaptation of the balance to the conditions at the place of use
- Mechanical overload protection
- Dust cover

Readability	0.1 mg
Weighing capacity	210 g
Pan size	Ø 90 mm
Response time (avg.)	3 s
Housing (WxDxH)	200x270x299 mm
Reproducibility	$\leq \pm 0.1$ mg
Linearity	$\leq \pm 0.2$ mg

Data printer

SartoConnect

Key accessories	Order no.
Data printer with date, time and statistics functions	YDP03-OCE
Data transfer software SartoConnect with RS-232C standard cable (1.5 m);	YSC01L
Test and calibration weight: 200 g, accuracy class E2	YCW5228-00
External rechargeable battery pack	YRB08Z
In-use dust cover for the display and control unit	6960TE01
